

Annual Report 2015

Dear Friends,

Thank you for joining us on this incredible adventure. Team PHeNomenal Hope has been a nonprofit organization since 2012, empowering a group of athletes to dedicate their training and racing to those affected by pulmonary hypertension, and in so doing, racing to make a difference in the lives of those with pulmonary hypertension. In 2015 we grew our organization to include athletes across multiple disciplines, and put athletes on the map all over the USA and world. Our athletes continue to inspire people to take a step and make a difference, and continue the positive and unique energy that is Team PHeNomenal Hope.

Join us as we look back on 2015, and see what we accomplished together.

Patricia George

President

Raising awareness about pulmonary hypertension. Defeating pulmonary hypertension (PH) begins with educating the public about this disease, and we believe in the power of “going to extremes” to tell people about PH. After a successful RAAM in 2014, we broadened our horizons, and bringing on more athletes competing in ultracycling, marathon, ultramarathon, swimming and ironman events. We raised awareness in the athletic community by bringing on new athletes who did not necessarily have a connection to PH prior to our team. We raced in races on 3 continents, from the Philippines to France, and throughout many states in the USA.

Inspiring a community to join us in this

effort. We joined the Pittsburgh Marathon as a contributing charity, bringing 47 racers and volunteers together in our colors in Pittsburgh’s biggest race of the year.

Raising funds for awareness and contributing to the ultimate race towards a cure.

Ultimately, the way to make a lasting impact is through supporting research for a cure. This means funding grants, and supporting the Pulmonary Hypertension Association in the effort to one day defeat pulmonary hypertension. Together with our sponsors and supporters, we made

2015 Team PHenomenal Hope Events
Inspiring a community, raising awareness through PH community events and endurance racing

Raced in the Subic Bay Ironman 70.3, Philippines

Raced in the Boston Marathon

Won age-group in the Sebring 24-hour race, Sebring Florida

End of Period/Year	\$ 5,876.79	\$ 69,619.95	\$ 1,627.57	\$ 52,636.71	\$ 20,069.10

Financials: Donor-directed funds are those donated by a group of donors with requests for specific allocations to support team or training events, with surplus to go to the overall research funding pool. Due to the generosity of our sponsors and donors supporting team and awareness costs, all contributions from individual donors went to support our contribution to PHA. Additionally, Team PPhenomenal Hope is thankful for individual donors for contributing equipment and airline tickets to the team. The financial report is divided at August 13, which ended our fundraising as a part of RAAM 2014 and the Race of Our Lives campaign with the donation to PHA. Money raised thereafter (sponsorship and donations) is allocated to the 2015 mission.

Team PHeNomenal Hope and the Road Ahead. At the end of the year, Team PHeNomenal Hope noted significant growth, and set out to continue to race to make a difference in the lives of PH patients. In 2016 it will get personal, with the launch of our first national campaign and more big races ahead. From New Zealand to Brazil, and with the launch of Team PHeNomenal Hope Brasil, we will continue to push boundaries and race to make a difference all over the world.

We continue to work with sponsors and supporters who believe in the power of athletics to inspire movement for change, and invite you to continue this race with us!
